## INVESTIGATING OFFICER NARRATIVE & DIAGRAM DESCRIPTION

R/O (Officer J. Kowalski #14821) dispatched at 08:38 hours to report of a two-vehicle collision at Michigan Ave & Adams St. Upon arrival at 08:44 hours, both vehicles were positioned on the east curb lane of Michigan Ave out of primary traffic flow. Driver 1 (Miller) stated he was traveling N/B on Michigan Ave, stopped in the center through lane for a red traffic signal behind traffic queue. Driver 1 stated his vehicle was fully stationary for several seconds when Unit 2 violently rear-ended his vehicle. Driver 2 (Vance) stated he was traveling N/B directly behind Unit 1. Driver 2 admitted observing the red signal and Unit 1 stopping, but stated when he applied brakes, his tires slipped on wet road surface, resulting in front bumper impact with Unit 1 rear bumper. Witness Elena Rostova (pedestrian at NE corner of intersection) corroborated Driver 1 was fully stationary at red signal when Unit 2 struck Unit 1 from behind. Physical evidence on scene: plastic lens fragments from Unit 1 right rear tail lamp on asphalt in center lane approximately 25 feet south of Adams crosswalk. Citations Issued: Driver 2 (Vance) cited for Failure to Reduce Speed to Avoid an Accident (625 ILCS 5/11-601(a)).
