WITNESS LOCATION & ACCIDENT OBSERVATIONS

I, Elena Rostova, declare as follows:

1. On Wednesday morning, October 14, 2026, at approximately 8:35 AM, I was walking to my design studio located near Adams and Michigan. I was standing on the northeast pedestrian corner waiting for the pedestrian walk sign to cross Michigan Avenue.

2. The morning was damp and drizzly with wet streets. I noticed northbound traffic on Michigan Avenue slowing down because the traffic light turned from amber to red. A silver compact sedan (which I later learned was a Hyundai Elantra) stopped smoothly in the middle lane behind other waiting cars. The car was completely stationary.

3. A few seconds after the silver car came to a stop, I heard tires skidding and engine revving behind it. I looked up and saw a white full-size pickup truck (Chevrolet) sliding directly towards the rear of the silver car. The front bumper of the white truck rammed squarely into the back of the stopped silver car.

4. The silver car did not roll backwards or make any erratic maneuvers; it was strictly waiting at the red light. The driver of the white truck seemed to have approached the intersection too fast for the wet road conditions.

5. I stayed on the scene until the Chicago Police officer arrived and provided my name, phone number, and this exact description to the investigating officer.

6. I have no personal, familial, or business relationship with either driver involved in this incident.

SWORN DECLARATION UNDER PENALTY OF PERJURY:

I declare under penalty of perjury under the laws of the State of Illinois that the foregoing eyewitness statement is true and correct to the best of my personal recollection.
